Medicare Supplement insurance that's got you covered

Health care costs can put a strain on your budget, even if you have Medicare Parts A and B. But enrolling in a Medicare Supplement insurance plan offered by Medico® Corp Life Insurance Company (Medico) can help you pay for out-of-pocket expenses not covered by Medicare, such as coinsurance, copayments, and deductibles. Plus, Medicare beneficiaries can enroll in a Medicare Supplement product at any time of the year.¹

Quality plans with value built in

When you purchase a Medico Medicare Supplement insurance plan, you're getting an affordable premium with:

Preferred rates for eligible non-tobacco users²

Savings when you opt for automatic bank withdrawals from your checking or savings account

A premium rate discount if you live with another person who is age 50 or older,³ even if they don't have coverage with us

1. If you are outside your open enrollment or guaranteed issue period, you are required to complete an enrollment application and will be subject to underwriting.
2. Tobacco use will not be a deciding factor for preferred rates if you are in your open enrollment or guaranteed issue period.

3. In OK, when you live in the same household with another person who is 50 years of age or older, and you both obtain coverage with us, a discount is applied to your premium rates. The Household Premium Discount will continue as long as coverage for both of the policies remains in force (unless cause of termination is due to death).

Help understanding your options

Medico's agents can help you select a Medicare Supplement insurance plan that fits your needs and budget. Medico offers Plans A, F, High-deductible F, G, High-deductible G, and N.

4. This is guaranteed as long as your premium is paid on time. Your premium rate is subject to change if a rate adjustment to all policyholders in the same plan, rate class, and state as yours is issued. Your premium will also increase with your age at the time of your renewal date.

5. Only applicants first eligible for Medicare before Jan. 1, 2020, may purchase Plan F and High-deductible F.

6. Up to \$20 copayment for some office visits and up to \$50 copayment for an emergency room visit that does not result in an inpatient admission.

7. Plan pays a percentage of this benefit.

8. Plans F and G also have a high-deductible option that requires first paying a plan deductible before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High-deductible Plan G does not cover the Medicare Part B deductible. However, High-deductible Plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.
